2021 Syrah

Paso Robles, CA | Willow Creek District | 15.8% ABV

VINEYARD:	Caliza Vineyard
ELEVAGE:	20 Months in 75% New, 25% once used French oak 265L barrels
BLEND:	100% Syrah
CASES:	110 cases produced

A blend of 4 different clones of Syrah all fermented in closed top stainless steel tanks using specialized yeast strains for optimal extraction of color, tannin, and flavors. Free run and press wine fractions are kept separate using only the best barrels for our Syrah program. The wine is racked only once for blending in the Spring following the initial harvest and then again to tank for bottling the following year.

Massive, serious, epic. Dark as a moonless night with notes of dark roast coffee, black fruits, smoked pork fat, dried herbs, and chalky minerality. Fresh, yet intense on the palate with big flavors throughout and flawless tannins, she is perfectly balanced and exactly what we were trying to achieve.
